Ideas and Suggestion

In a small area where it is easy to get around, Vallemaggia offers a wide choice of itineraries catering for the most diverse needs. Bassavalle, Val Bavona, Val Rovana or Val Lavizzara, depending on the season and the means of transport you prefer, tourists can choose from a range of options: relaxing excursions through the villages in Bassavalle or challenging alpine paths, artistic or cultural itineraries (Sentieri di Pietra) or excursions and tours by bike through the typically “Terre” in Val Bavona or discovering the “Walser–village” in Bosco Gurin.
